Description	AgroMag AktiMaks® is liquid fertilizer, which is a suspension of urea and natural magnesium hydroxide in water.	
Application	Designed for using in agriculture and private farms as fertilizer, foliar fertilizing.	
Chemical and Physical properties	Indicator	Content
	Product appearance	Suspension
	Mass fraction of nutrients, mean value, %	
	Magnesium	20
	Nitrogen	4
	Calcium	0,3
	Mass fraction of trace elements, mean value, %	
	Iron	0,055
	Mass fraction of water, %	35
Storage:	The shelf life is 12 months from date of manufacturing, while maintaining the tightness of packing	
Packing:	in a sealed plastic container, different capacity; in sealable transport containers (tanks, containers, etc.)	
Security:	refers to low-hazard substances; fire- and explosion-proof, non-toxic	
Transportation:	transported by all modes of transport in accordance with the rules of transportation of goods that operates in this mode of transport
